Select a section title and click to open

Dear Motorcycle Rider,

Congratulations. You have in your hand the most powerful tool available to you in your quest to add performance, looks, individuality and excitement to your motorcycling experience.

Whether you already own and ride a stock bike and are looking to personalize it 's look, or you are a performance junkie and have a need for more power, more torque, more speed, more stopping power, more gears, better handling... everything you need is in this book.

Maybe you are an experienced biker with many years and miles logged on stock bikes and your time to build has come... if so, turn to section 1 for the worlds best collection of complete kit bikes. Everything you need to build the bike comes under one part number and when we say everything we mean everything with only three exceptions, paint, gasoline and time. We think you will enjoy providing these! Alternatively, if you choose to scratch build, sections 13, 14, 15 and 16 are a great place to start.

If you are tired of poor performance from your stock motor or it is time to replace a high mileage lump, look no further than section 9 for the industry 's best selection of engines led by the all new RevTech® 110 cubic inch beast. Our team have spent many, many months and logged thousands of test miles to make this the toughest and highest performing engine in the market today when the power to displacement to price equation is factored in... and it is available today. Flip a couple of pages forward section 11 to find a RevTech® 6--speed transmission to go with that new motor so that eating up highway miles and city blocks is fun and effortless for you and your bike.

I could go on and on about the products in the book but I know you are looking forward to discovering for yourself the endless list of goodies. Suffice to say that in these 1280 pages are over 21,000 of the best performing, most innovative and stylish products for you and your motorcycle available anywhere.

And speaking of available anywhere, Custom Chrome has over 5,000 experienced and friendly dealers in every corner of the world. We ship product from six strategically located warehouses in the US and our centralized European location and can get your wish list filled faster and more accurately than anyone else in this business... which is why we can proudly say that, thanks to you our loyal customers, we are the unchallenged leaders of the V-Twin aftermarket and have been since 1970.

On behalf of all of the employees and dealers of Custom Chrome, we thank you and look forward to another record year of innovative and rewarding motorcycling.

WARRANTY AND LIABILITY LIMITATIONS

Except as may be expressly set forth in the product invoice, Global Motorsport Group, Inc. makes no representations or warranties as to any of its products, express or implied, including without limitation any warranties of merchantability or fitness for a particular purpose, under Section 2314 or 2315 of the California Uniform Commercial Code or otherwise.

Motorcycles can be dangerous. Global Motorsport Group, Inc. has no control over the usage of any part. Custom Chrome and Chrome Specialties expects the Dealer and the Dealer's customers to exercise good judgment as to the proper selection, installation, use and maintenance of any parts. Custom Chrome and Chrome Specialties assume no responsibility for damage or injury of any kind because of the misuse or the improper application of any parts in any way by any person.

Custom Chrome and Chrome Specialties shall not be liable for any indirect or consequential damages whatsoever.

All matters shall be interpreted under California law.

APPLICATION INFORMATION

To the best of our knowledge, all of the photos and application information contained herein are accurate as of the date this catalog was approved for printing (August, 2003). Please check with your Custom Chrome or Chrome Specialties Dealer or Account Representative for verification of the latest 2004 model year applications.

This symbol appearing throughout our catalog signifies that the specified items are high-performance exhaust, carburetor, ignition or engine components and are not legal for sale or use on pollution or noise controlled motor vehicles (except those used in organized and sanctioned racing or competition events) when the installation of same would be in violation of state or federal laws or regulations governing noise or emission standards.

This symbol appearing throughout our catalog signifies that the specified items are high-performance exhaust, carburetor or engine components that are legal for sale or use in all 50 states.

This symbol appearing throughout our catalog signifies that the specified items are Harley-Davidson Original Equipment parts and are only available for purchase in the United States of America.

This symbol appearing throughout our catalog signifies that the specified items are only available for purchase from Custom Chrome Europe.

This symbol appearing throughout our catalog signifies that the manufacturer has received TÜV approval for the specified items.

This symbol appearing throughout our catalog signifies that Custom Chrome Europe has received TÜV approval for the specified items.

*SUGGESTED RETAIL PRICES

The prices shown in this publication are *only suggestions* and are supplied so you will have a general idea of what to expect a particular item to cost.

These prices do not reflect freight, duties, state or local taxes, or any other fees or costs incurred by our Dealers. As a result, prices will vary from Dealer to Dealer and in different geographic areas.

Cards, boxes, cases and rolls: The suggested retail prices in this publication are computed by dividing the quantity in the master package. (For example, oil that comes 12 quarts to a case will show the suggested retail price for 1 quart). Please note that Dealers can only order by the master package. (For example, Dealers can only order some items in cases).

Pairs, sets, each, kits, bags, packs and tubs: The suggested retail prices for these reflect the entire package.

Custom Chrome does not sell directly to the retail public. You must contact your local Dealer to purchase Custom Chrome parts.

Prices subject to change without notice. We reserve the right to correct printed errors.
